

Education in Berton with Broughton Parish

Evidence of current provision

There is currently 1 school located in Parsons Lane in Berton. Berton Cof E Combined School caters for children from reception to school year 6. The capacity is 280.

Berton School is currently under construction building new facilities in order to increase to a larger form entry. There are also plans for a nursery onsite and better after school provision as they will have their own purpose built space.

There are two 2 new primary schools planned with pre-school facilities in the new Kingsbrook development. The new schools will be located in Orchard Green and in Canal Quarter. These are being funded by Bucks County Council.

There is also a secondary school on the plan.

New nursery/creche facilities will be provided in the community centres in the Kingsbrook development. There are plans for 3 community centres, one in each village of Kingsbrook. It is planned for each centre to have nursery/creche facilities.
